We Are

Cloud Services

Leverage a wide range of AWS-based technologies to better control costs, build in redundancy, and improve scalability.

About Us

We Are
Cloud Services

At ETG, we help you determine the right cloud strategy and manage your cloud migration with quality control built into every step to contribute to your long-term success.

1. Analyze your organization's current environment and determine its cloud readiness
2. Proof of concept the recommended cloud infrastructure to ensure it can meet your unique needs
3. Design and architect the ideal cloud environment
4. Deploy and configure an infrastructure and migrate from the current environment
5. Deliver ongoing support and maintenance

Why Choose ETG?

At EmergenceTek Group, we get to know the ins and outs of your company to design solutions that will put the cloud to work for you. Our team of solution architects, engineers, analysts and managers are ready to help jump in wherever you are in your cloud journey.

Services

Cloud Consulting, Adoption & Enablement

Pre-Migration Support

Migrating to the cloud can be intimidating. We will guide your business prior to migration and every step of the way.

Lift & Shift

Moving a copy of an existing application and data to a cloud computing environment with minimal or no redesigning or modification.

Cloud Consulting

Ongoing guidance to help develop an actionable cloud strategy to ensure your business is ready for now and what's next.
